INDEX.

Abbott, Mr. G., on the neurotic treatment of catarrh, 575; on the lacrymal syringe and cocaine hypodermic injector, 646
Abdomen, stab in the, with a carving knife, recovery, 347; treatment of perforating wounds of the, 795; crushed, case of, death on the third day, 921
Abdominal aorta, aneurysm of the, 490; embolism of the, 688
—— sections, a note on, 343
Aberdeen Hospital for Incurables, 718
—— Hospital for Sick Children, 524
—— Royal Infirmary, 33, 956
—— University, a chair of physiology in, 894; Club, 990
Abortions, alleged illegal, 78
Academy of Medicine, Ireland, banquet at the, 1003
Accession of Queen Victoria, 1228
Accessory thyroid, villous tumour of, 445
Acetophenone, 369
Acland, Dr. T., on actinomycosis in man, 973
Acromegaly, 1030
Actinomycosis in man, 973
Actuaries, institute of, 718
Adam, Dr. J., on the Metropolitan Asylums Board, 238; on some of the proposed changes in the Lunacy Acts, 487
Adams, Mr. C., on cocaine and sea-sickness, 959
Addison, Mr. H., a curious case of triple pregnancy, 477; on a remarkable dislocation of the third cuneiform bone, 671
Addison's disease, tubercle bacilli in, 1131, 1183, 1241
Adonis vernalis and adonidine, 223
Africana paronychia patiniosia, 466
Agaricin in the night sweats of phthisis, 223
Agency, medical, 31
Agminate and solitary glands, the, 502
Air embolism, 315
Alau, Sen. Don E., death of, 803
Albo-carbon light, the, 142, 187, 236
Albumen Test Committee, report of the, 1068
Albuminometry, 326; and Esbach's tubes, 153, 304
Albuminuria, intermittent, 346; with oxaluria, 432; cyclic, 437; clinical, 568, 613
Albuminuric retinitis, 833
Alcohol, in infirmaries, 30; in colonial hospitals, 844
Aletris cordial, 804
"All But": a Chronicle of Laxenford Life (review), 644
Allbutt, Mr. H. A., on attendance by unqualified assistants, 430
Allen, Mr. T. W. J., case of extra-uterine pregnancy, 1217
Allwright, Mr. F. W., on santonin as an emmenagogue, 286
Alopecia, universal, 351
Althaus, Dr., on paraplegia from Pott's disease, and its treatment by actual cautery, 831
Alveolar abscess, with thrombosis of cavernous sinus, 593
Amaurosis consecutive to malarial fever, 205
Ambiguous illness and death, 567
Amblyopia from bisulphide of carbon, 254; and monoplegia, 693
Ambroise Paré, 506
Amende honorable, an, 272
Amenorrhœa, santonin in, 132; permanganate of potash in, 1133
American Dermatological Association, 173
—— Gynæcological Transactions (review), 161
—— Public Health Association, 851, 1045, 1084
Amnesic aphasia, a case of, 1005
An averted scare, 1247
Anæsthetics, the use of, 601, 661
Anatomical anomalies, 41
—— preparation, an old, 81
Anchylostoma, an epidemic of, in Holland, 1176
Anderson, Mr. J., on pityriasis capitis, 528
Aneurysm, on the treatment of, with iodide of potassium, 356, 431
Aneurysms, large, 157
Angina pectoris, a case of, 1149
Animal or vital mechanics, 897, 948, 1042, 1137, 1238
—— vaccination, 401
Animals, joint disease in, 64
Ankle-clonus as a symptom in certain forms of nervous disease, 12
Annandale, Mr. T., on compression of the innominate artery, 481
Anthrax and carbuncle, ammonia in, 79
Anti-fat craze, the, 1232
Antipluvium perfectum: waterproof health garments, 309
Antipyrin, 495; as a hæmostatic, 127; in rheumatism and migraine, 223; in pernicious forms of malarial fever, 695; in ophthalmic practice, 708; and calomel compared in pneumonia, 216; and thallin, physiological and clinical behaviour of, 557
Antisepticism, 257
Anti-vaccination delusion, the, 801
Aorta, aneurysm of the, simulating aneurysm of the innominate, treated by simultaneous ligature of the common carotid and subclavian, 414; embolism of the, 754; aneurysm of arch of, 788; and aortic valves, aneurysm of, 350; aneurysm of, and galvano-puncture, 975
Aortic aneurysm, 492, 693; rupture of, into posterior mediastinum and abdominal cavity, with remarkable symptoms, 975
—— regurgitation, experimental, 464; with acute congestion of the lungs, relieved by free bleeding, 490
Aortitis, septic, 688
Aphasia from injury, subsequent hemiplegia, trephining, death, 398
Apjohn, Dr. James, obituary notice of, 1145
Apoplexy, with complete hemiplegia, 722, 815; at the age of twenty-five, 568
Appetite, a vicious, 45
Archer, Mr. R., on abscess of the spleen occurring in enteric fever, 1066
Archiv für Anatomie und Physiologie, 1886 (review), 835
Archives d'Obstétrique et du Gynécologie, Nouvelles (review), 1259
—— Slaves de Biologie (review), 1023
Arekane, 709
Arm, foreign body in the, for twenty-two years, 187; right, muscular anomaly of, 787
Armstrong, Dr. L., on the University of Durham College of Medicine, 1183
——, Mr. H. E., on an unusually prolonged period of incubation of small-pox, 715
Army Clothing Depôt, the, 362
—— Medical Staff, the, 430; examination questions for candidates, 428
—— Medical School, 260, 708
Arteries, ligature of the larger, in their continuity, 922, 937; and veins, the simultaneous ligature of, 313
Arteritis, tubercular, 877
Arthrectomy, 41, 131
Arthrotomy for loose bodies in joints, 894
Asclepiad, the (review), 308, 930
Aseptic preparations, 943
Ashby, Dr. H., on the connexion between scarlet fever and heart disease, 961
Ashton-in-Makerfield, health of, 515
Aston, health of, 710
Astragalus, left, compound dislocation of, with fracture, recovery with useful joint, 874
Athetosis, 109; case of, 257
Atkinson, Mr. F. R., on diphtheria and defective drainage, 48; treatment of gonorrhœa chronica by injections, 769
Atrophoderma pigmentosum, 125
Atropine, tests for, 171
Attfield, Mr. J., Chemistry, General, Medical, and Pharmaceutical (review), 694
Auld, Mr. A. G., on the potassio-mercuric iodide test, 669
Aural reservoir, the, 646
Australian medical appointments, 93
Axford, Mr. W. G., poison for twopence, 336
Axis-traction, in instrumental delivery, 19; forceps, new, for high delivery, 309
Aylesbury, diphtheria at, 410
Azoturia, 31, 791

Bacillus anthracis, effect of light on, 511
—— tuberculosis, notes on the clinical value of the, 917
Bacteriology, 1022, 1179; Various Essays on (review), 495; and epidemiology, 311
Baker, Mr. W., the Two Foundations of St. Bartholomew's Hospital (review), 694
Bakewell, Dr. R. H., sequel to a case of lymphadenoma, 404
Balfour, Dr. G. W., on treatment of aneurysm with iodide of potassium, 356
——, Surgeon-General E., the Cyclopædia of India and of Eastern and Southern Asia (review), 160
Baliva and Serpieri, Drs., an extraordinary Cæsarean operation, 994
Balsall-heath, health of, 948
Baly, Dr., the late, 661
Barbers, a college of, 802
Barford, Mr. J. G., on the poisonous effects of cocaine, 1183
Barker, Dr. F. C., on a particular use of the thumb-nail in lateral lithotomy, 131
——, Mr. A. E., on removal of deep-seated tumours of the neck, 194, 1011; on ununited fracture of clavicle, with symptoms of writer's cramp, 204; case of acute intestinal obstruction, 448
Barlow, Dr. W. H., on the nature of whooping-cough, 870, 915, 966, 1241
Barnes, Dr. R., on inversion of the uterus, 420, 613
Barnsley, 898
Barometer, the, as a guide to health, 761
Bartholeyns, Mr. A. O'D., on alcohol in hospitals, 1190
Bartlett case, the, 794, 968, 1017
Bartley, Dr. A. G., on the "Pendjeh sore," 1191
Baruria in a woman, 544
Barwell, Mr. R., on thoracic aneurysm treated by a novel method, 1058
Basford, health of, 1138
Bath chairs at Hastings and St. Leonards, 576
"Baunsheidism," 1035
Bavaria, King of, 1173; necropsy of the late, 1229
Beaufort limb abroad, the, 704
Bed-lift, a new, 23
Beddoe, Dr. J., the Races of Britain (review), 793

Bedford district, health of, 515, 898
Beef extracts, an experimental inquiry into the nutritive value of, 510
Behrens, Dr. W. J. Text-book of General Botany (review), 745
Belfast Medical School, 1085
Belgian miners, the, 705
Belladonna plaster, porous, 127
Bell's paralysis of central origin, 97
Bell, Mr. H. Royes, obituary notice of, 1188
Benger, Mr. F. B., on the Pharmacopœia test for pepsin, 670
Benham, Mr. R. F., on the use of cocaine in operations for piles, 574; an appeal, 1247
Bennett, Dr. A. H., on spastic paralysis, 484
Benton, Mr. S., on the use of cocaine in operations for piles, 630; on healing by first intention after operation for fistula, 815
Benson, Mr. A., on embolism of the central artery of the retina, 305
Benzoline, another disaster with, 123
Benzoyl-ecgonine, 1087
Bequests, large, 563
Beri-beri, 887; the etiology of, 318
Berlin, measles in, 766
Bernays, Mr. A. J., Notes on Analytical Chemistry for Students in Medicine (review), 1023
Bertani, Agostino, death of, 888
Bettany, Mr. G. T., Eminent Doctors, their Lives and their Work (review), 22
Bickerton, Mr. T. H., on cataract extraction performed on an insane patient, 345
Bile-duct, encephalo-scirrhus of, 788
Biniodide of mercury solution, 546
Binoxide of nitrogen in cholera, 709
Birkenhead, health of, 37; Borough Hospital, 283
Birmingham medical school, 465, 933, 983; and Midland Skin and Lock Hospital, 184, 813
Bishop of London on juvenile temperance, 76
Bisley, health of, 372
Bismuth, the elimination of, 35
Bisulphide of carbon, chronic poisoning by, 18
Bitters, the effects of, on digestion, 938
Black, Mr. A., on the clinical value of the bacillus tuberculosis, 917
———, Mr. C., on prostatic casts, 228
———, Mr. E., on diagnosis of the sex of the fœtus, 187
———, Mr. J. B., on the Sickness and Accident Association, limited, 334
Black sheep in the profession, 165
Blackpool, health of, 759
Blackwater valley, 31, 133
Bladder, supra-pubic operation for stone or tumours of the, 6; case of distended, without symptoms, 722; of a female, stone sacculated in the, 736; sarcoma of, cystotomy; supra-pubic puncture, 737; extroversion of the, 1162
Blanc, Dr. H., on the cause of hepatic abscess, 344
Blane medals, the, 618
Blenkinsop, Dr. W. H., on inhalation in pulmonary diseases, 586
Blennorrhagic conjunctivitis, 175
Blepharorraphy, central, 547
Blind and the deaf and dumb, education of the, 183
Blindness, cure for, 274; in Russia, 412
Blomfield, Dr. A. G., on the use of anæsthetics, 661
———, Mr. J. B., on albuminometry and Esbach's tubes, 153
Blood, a ready means of preserving the fluidity of, 362; inhalations of, 308; circulation of, in nervous tissues, 988; the origin of the, from a medico-legal point of view, 1132
Board schools, education of the blind in, 756
Boat racing, is it injurious? 755
Boerner, Dr. P., Bericht über die Allgemeine deutsche Ausstellung auf dem Gebiete der Hygiene und des Rettungswesens (review), 259
Bollington, health of, 950
Bolton, Mr. A., on poisonous snakes in Namaqualand, 92
Bombay, health of, 114; eye and ear infirmary, 858
Bone and soft tissues after amputation, changes in, 400
Bone-setters and the profession, 938
Bordeaux Medical Society, 283
Bouchard, Professor, on the toxicity of the urine, 750
Bournemouth, isolation hospital at, 174, 184
Bourneville and Bricon, MM., Manual des Injections sous-cutanées (review), 208
Boyce, Mr. R. W., on hydrophobia old prescriptions, 93
Boys, Mr. A. H., on apoplexy with complete hemiplegia, 722
Brachial artery, ligature of, 922
——— plexus, removal of tumour from, 107
Bradford, vital statistics for, especially at the school age, 263; small-pox hospital for, 524
Brain, according to sex and age, 364; case of miliary sclerosis of the, 145; diffuse sclerosis of, in an infant, 157; glioma of, 306; bullet lodged in the, removal, recovery, 397; congestion of the, in children, 641; abscess of, cyst containing necrosed bone, death, 786; bullet wounds of the, 840
Brain disease, intra-uterine, 220
——— diseases, the nomenclature of, 618
——— surgery of the stone age, 460
Braintree, health of, 416
Brass-founders' ague, 693
Breast, duct papilloma of, 974; osteo-chondro-sarcoma of, 975; and omentum, colloid degeneration of the, 156
Brechin almshouse, the, and medical attendance, 1034
Bremner, Mr. J., fresh suggestions on hydrophobia, 909
Brentford district, health of, 416
Bright's disease, 493; prognosis in, 360; nitro-glycerine in, 1130; without albuminuria, 1234
Brindisi, sanitary precautions at, 891
Brisbane, Dr. J., on chronic urticaria, 383
Bristol, medical officer of health for, 410; Royal Infirmary, 617; urban and port districts, health of, 556
Bristowe, Dr. J. S., cerebral hæmorrhage and optic neuritis, 546
British Association, 1003, 1138, 1235
——— Lying-in Hospital, 524
——— Medical Association, 1180
——— Medical Benevolent Fund, 176, 1093, 1242; the jubilee banquet of the, 1168
——— uniforms, the contamination of, 601
Broadbent, Dr. W. H., on the British Medical Benevolent Fund, 1093, 1168, 1242
Broken neck, an unusual case of, 207
Brompton Consumption Hospital, 1099
Bronchial asthma, the theory of, 115
Bronchiectasis, paracentesis for, 591; surgical treatment of, 605
Bronchitis, plastic, 671
Bronchocele, double, successfully extirpated, 317
Bronchus, right, extraction of the blade of a tooth forceps from the, 7; removal of a tracheotomy tube from the, 250
Bronner, Dr. Edward, death of, 667; the late, 718
Brookhouse, Dr. J. C., on a case of pneumonia, 1111
Brooks, Mr. W. T., on puerperal convulsions with complications, 824
Brown Institution in 1885, the, 746; lectures, 74
———, Mr. C., on lead-poisoning from mincing machines, 527
Browne, Mr. E. A., on ophthalmology, 238
———, Mr. G. B., on the prize system, 900
———, Sir James Crichton, 78
Bruce, Dr. J., Materia Medica and Therapeutics: an Introduction to the Rational Treatment of Disease (review), 1165
Brucine, 467
Brussels, university and hospitals of, 124
Buchanan, Mr. G., on stunning and burn by an electric lamp, 297
Buck, Dr. W. E., notes on spring health-resorts, 104
Bucks, the vacant coronership of, 413
Bulbar paralysis, 833
Bulkley, Dr. L. D., Acne: its Etiology, Pathology, and treatment (review), 354
Bullet extractor, a new, 356
Bulletins and paragraphs, 938
Burdett, Mr. H. C., a case for general sympathy, 621
Burdett's Official Intelligence (review), 452
Burgh Police and Health (Scotland) Bill, 992, 1040
Burial, insanitary, 889; reform, 1032, 1141
Burial-grounds, building on disused, 168
Burmah, ambulance work in, 71
Burned to death, 30
Burnet, Dr. R. W., on hydatids of the liver opening into the right lung, 878
Burning building, escape or rescue from a, 79
Burroughs model medicine chest, the, 452
Bursal tumours, large, 443
Butlin, Mr. H. T., Diseases of the Tongue (review), 112
Butterflies in winter, 502
Buttock, punctured wound of, followed by traumatic aneurysm, 590
Buxton, Mr. A. St. C., on colour-blindness among medical men, 574, 670
Buxton, health of, 1138

Cabbage soup, poison in, 618
Cæcum, malignant disease of the, 348
Cæsarean operation, extraordinary, 890, 904
Cairo, sanitary state of, 273
Calcutta, the sanitation of, 524; Royal Botanic Gardens, 82; health of, 1240
Calculus, supra-pubic operation for removal of large, 69; large, 132
Caldwell, Dr., on pityriasis capitis, 476
Callaghan, Mr. J. L., on the poisonous effects of cocaine taken internally, 1149
Cameron, Dr. J., on outbreak of scarlet fever in Marylebone, 279; on dissemination of scarlet fever by drinking the milk of diseased cows, 927
Canada, medical ordinance in, 702; practice in, 1247
Canadian practitioners, a request to, 93, 141
Cancer, statistics of, 309; vaginal hysterectomy for, 416; excision of the entire uterus for, 182, 825; amputation of breast for, 791
Cancer-patients, family history of, 146
Cancerous inheritance, theory of, 148
Canterbury, scarlet fever at, 274
Cape, medical contract by tender at the, 81; practice at the, 575, 631, 671
Carcinoma, micro-organisms of, 721
Cardiac action, case in which a loud splashing sound was produced synchronously with, 59
Cardiography, 491
Carlisle, health of, 372
Carpenter, Dr. A., presentation to, 812
Carpet-beating in suburban gardens, 1086
Carson, Dr. J. C. L., obituary notice of, 1183
Carter, Dr. A. H., Elements of Practical Medicine (review), 835
Cartmel, Mr. H., on the Association of Members of the Royal College of Surgeons, 375
Cascarilla bark, 35
Casper, Dr. L., on new treatment of gonorrhœa chronica by means of grooved bougies, 246, 909
Catalepsy in Cork Union Workhouse, case of, 1051
Cataract, on, 387, 434, 479; immediate occlusion of the corneal wound after extraction of, 13; operation for, a new antiseptic, 132; injection or irrigation in the extraction of, 325; extraction performed on an insane patient, 344; practical remarks on extraction of, 913; senile, 977; extraction, 1221
Catarrh, neurotic treatment of, 393, 401, 575
Catheter, a solid, 930
Cavalry horses, health of, 930
Cayley, Dr. W., on a case of thoracic aneurysm treated by the introduction of steel wire into the sac, 399; on the supply of the profession, 910
Cellulose, formation of marsh gas and carbonic acid from, 702
Centenarians, 844
Central nervous system, modern pathology of the, 4
Cephalalgia with cataleptic symptoms, 94
Cerebral tumour, difficulties of diagnosis in certain cases of, 110

MEDICAL SOCIETIES.

ACADEMY OF MEDICINE IN IRELAND.—Madura foot; Milky fluid in the peritoneal cavity; Rupture of an intercranial vessel; Osteomalacia, 110—The surgery of the Suakim Expedition; Organisation of the medical department of an army corps, 158—Albuminometry and Eustach's tubes; Embolism of central artery of retina, 304—Ovarian displacements, 402—Dentigerous cyst; Perforating ulcer of stomach; Bright's disease, 493—Keeping perforation of the membrana tympani open; Radical cure of hydrocele; Therapeutic uses of the digestive ferments; Fetid expectoration from the lung, 691—Duties of medical officers of health; Muscular anomaly of right upper extremity; Nerve-supply of the short muscles of the thumb, 787—Villous disease of kidney and rupture of heart; Cancer of liver; Spontaneous rupture of heart, 928—Causation and treatment of pneumonia; Hyperpyrexia in rheumatic fever, 1070—Retroversion of the bladder, 1163
CAMBRIDGE MEDICAL SOCIETY.—Friedreich's ataxia; Embolism of central artery of retina, 67—Disease of finger-nails; Faith-healing; Unusual case of broken neck, 207—Salivary calculus of unusually large size; Retro-uterine hæmatocele; Tubercular meningitis following a blow on the head; Exostosis of great toe, 494—Inflammation of joints following injury to spine, 643—Encephalo-scirrhus of common bile-duct; Malignant disease of prostate; Aneurysm of arch of aorta; Occipital meningocele, 788
CHESTER MEDICAL SOCIETY.—Aborted ovum; Glioma of brain; Estimation of urea in urine, 306—A small mitral valve; Neuralgia of syphilis; Hæmophilia, 692
CLINICAL SOCIETY OF LONDON.—Desquamative prostatitis with hyaline casts; Cervical spina bifida; Myositis ossificans, 108—Ununited fracture of clavicle, with symptoms of writer's cramp; A new symptom of megrim and epilepsy; Chronic simple ulcers of stomach and duodenum; Complete recovery from amaurosis of malarial origin, 204—Universal alopecia; hysterical pyrexia; Meningitis of obscure origin, 351—Traumatic inguinal aneurysm; Aneurysm in stump; Intussusception of upper part of jejunum; Acute intestinal obstruction, 447—Sequelæ of small-pox, especially as affecting the speech; Baruria in a woman; Phosphorus necrosis of lower jaw, 543—Hernia cerebri treated by silver plate closing the opening in skull; Nervous tubercular ulceration of palate; Popliteal aneurysm in locomotor ataxy cured by pressure; Acute intestinal obstruction after ovariotomy, 639—Erythema nodosum and rheumatism; Peculiar cases of pneumothorax; Litholapaxy in a boy of ten, 739—Interstitial or subpleural laceration of lung; Gummata of liver; Hydatids of liver opening into right lung; Resection of knee for old-standing ununited fracture of patella, 878—Aneurysm of aorta and galvano-puncture; Rupture of aortic aneurysm into posterior mediastinum and abdominal cavity; Impaction of stone in one ureter, with atrophy of the other kidney, 975—Report of Albumen Test Committee; Aneurysm of hepatic artery; Treatment of nævus by excision; Suppuration in mastoid cells, with thrombosis of lateral sinus and septic embolism; Simultaneous inflammation of serous membranes, 1068
DEVONPORT AND PLYMOUTH MEDICAL SOCIETY. Exhibition of cases and specimens, 258
EPIDEMIOLOGICAL SOCIETY.—Diphtheria, 449—Cholera in fleets and ships, 642—Dissemination of scarlet fever by drinking the milk of diseased cows, 927
HARVEIAN SOCIETY.—Annual meeting and conversazione, 207—The neurotic treatment of catarrh; Animal vaccination; Cyanosis in newly-born children, 401—Chronic rheumatic arthritis of the hip-joint, 549—Compound fracture of the patella; Sprained joints, 642—Paralysis of tongue, palate, and vocal cord; Treatment of obscure forms of metrorrhagia, 689—Bulbar paralysis; "Nodding spasm"; Albuminuric retinitis; Left lateral hemiopia; Dislocation of crystalline lens, 833—Sudden death in pregnancy, parturition, and the puerperal state, 1022—Nerve-stretching for leprosy; Albumens of the urine, 1070
LEEDS AND WEST RIDING MEDICO-CHIRURGICAL SOCIETY.—Thrombus; Antiseptics in operations on the eye; Strumous disease; Labio-glosso-laryngeal paralysis, with atrophic paralysis of the hands, 306—Cardiac hypertrophy and kidney disease; Defective or scanty menstruation; Distension of gall-bladder, aspiration; Injuries to joints; The mountain cure in heart disease; Pasteur's inoculations, 789
MEDICAL OFFICERS OF SCHOOLS ASSOCIATION.—Annual general meeting; Causation of follicular tonsillitis, 927
MEDICAL SOCIETY OF LONDON.—The Lettsomian Lectures, 65—Treatment of varicocele; Lardaceous hepatic disease; Athetosis, 109—Moot points in syphilis, 157, 252—Theory of fever; Pyæmia after removal of sarcoma from base of skull, 206—Subperiosteal resection for acute necrosis; Cerebral abscess and empyema, 303—Dystrophy of the thumb-joints; Excision of the elbow-joint, and tubercular testis; Tubercular leprosy; Pityriasis circinata; Congenital constriction of leg with perforating ulcer of foot, 352—Combined action of cocaine and nitrate of silver in superficial affections of the eye; Severe endocarditis, 400—General annual meeting; Spastic paralysis; Aneurysm of aorta, 492—Furneaux Jordan's amputation; Excision at hip-joint; Mediastinal tumour; Anæsthetic leprosy; Xanthelasma; Scleroderma, 545—Amputation of penis; Alveolar abscess with thrombosis of cavernous sinus, 593—Irritable brain and congestion of the brain in children; simple Pneumothorax, with rapid recovery, 641—Traumatic hydronephrosis; Relation of tonsillitis to scarlatina and diphtheria, 689—Bony union of fractured patella; Myxœdema with contractions; Spinal sclerosis and osteo-arthritis; Amputation of leg for sarcomata; Hereditary tremor, 741—Littre's hernia; Simple meningitis, 786
MEDICO-PSYCHOLOGICAL ASSOCIATION.—Quarterly meeting, 744
MIDLAND MEDICAL SOCIETY.—Mollities ossium; Foreign body in the œsophagus; Epithelioma; Hydronephrosis; Wrist-drop, 68—Naso-pharyngeal growths; Ophthalmoplegia externa cured by iodide of potassium; Athetosis, 256—Healed phthisical cavity; Anæsthesia of hand; Antipyrin; Flat-foot; Cyst of parovarium; Hemilateral myelitis, 495—Case of lead tremor; Brass-founder's ague; Amblyopia and monoplegia; Aortic aneurysm; Spinal curvature, 693—Transfusion apparatus; Azoturia, 791—Loss of conjugate movements of the eyeballs; Paraplegia and anæsthesia of legs; Glioma of retina; Senile Cataract, 977
NORFOLK AND NORWICH MEDICO-CHIRURGICAL SOCIETY.—Suture of the ulnar nerve, 594
NORTHUMBERLAND AND DURHAM MEDICAL SOCIETY.—Epithelioma of tongue; Trephining for traumatic epilepsy; Supra-pubic operation for removal of large calculus, 69—Aneurysm of the right subclavian artery; Leucocythæmia; Gastrostomy; Obstruction from gall-stone; Antisepticism, 257
NOTTINGHAM MEDICO-CHIRURGICAL SOCIETY.—The treatment of congenital talipes equino-varus, 68
OBSTETRICAL SOCIETY.—Dr. Heywood Smith; The oblique pelvis of Naegele; Gastrotomy for extra-uterine gestation, 255—Removal of both ovaries during pregnancy, 353—Anatomy of labour; Sarcoma of vagina and uterus, 548—Contraction, inhibition, and expansion of the uterus; mitral stenosis in labour, 743—Elasticity, retraction, and polarity of the uterus; Serous perimetritis, 926—Artificial production of so-called lymphatic varix; Causes of difficulty in turning; Spurious hermaphroditism, 1222

OPHTHALMOLOGICAL SOCIETY.—Shrinking of conjunctiva; Amblyopia from bisulphide of carbon; Synchysis scintillans; Atrophy of iris; Meningitis after excision of eyeball, 253—Deposit of quinine in cornea; Biniodide of mercury solution; Report on sympathetic ophthalmia; Cerebral hæmorrhage and optic neuritis; Glaucoma; Central blepharoraphy, 546—New formation of pigment on anterior surface of iris; Relapsing cyclitis; Herpes facialis; Hæmorrhagic glaucoma treated by trephining; Wound of eye followed by iritis serosa of the other eye; Central guttate choroiditis; Glaucoma treated by convex lenses, 742—Exophthalmic goitre, 923—Foreign bodies; Cholesterine in detached retina; Exophthalmic goitre; Detachment of retina; Embolism of central artery in puerperal septicæmia; Cataract extraction, 1221

PATHOLOGICAL SOCIETY.—Sarcoma of tongue; Malignant disease of œsophagus; Joint disease in animals; New growths in heart and viscera; Tubercular exfoliating cystitis; Aneurysm of mitral valve, 64—Colloid degeneration of the breast and omentum; Spontaneous fracture of urinary calculi; Diffuse sclerosis of brain in an infant; Large aneurysms; Post-nasal fibroma in a child; Stricture of rectum, 156—Intra-cranial tumours, 251, 349—Cancer of body of stomach; Cylindrical cancer of humerus; Dermoid cyst of tongue; Epithelial tumour of skin near rectum, 349—Congenital cystic kidney; Pistol-shot wound of cranium; Vilious tumour of accessory thyroid; Cancer of thyroid; Ossifying sarcoma of radius; Aneurysm of septum ventriculorum; Congenital skin-tumour of sigmoid flexure, 445—Intra-cranial cyst; Acute nephritis in lambs; Hydatid of liver embedded in large syphilitic deposit; Valvular obstruction of ureter; Embolism of abdominal aorta; Septic aortitis, 687—Congenital fatty tumours of sole of foot and palm of hand; Abnormality of colon; Meningeal hæmorrhage due to aneurysm; Rheumatoid arthritis; Hydatid tumour of retro-vesical pouch; Thrombi in pulmonary artery, 831—Obliterative tracheitis and bronchitis; Pathological histology of hydrophobia; Granuloma fungoides; Hepatic abscess; Cancer of thyroid; Double intestinal stricture; Spinal abscess; Psoas abscess; Tubercular arteritis; Malignant growth of lip, with melanosis, 876—Adenoma of ovary; Adenoma of palate; Neuroma of parotid; Actinomycosis in man; Erythrasma; Mediastinal tumour; Peripheral neuritis; Duct papilloma of breast; Secondary epithelioma of jaw; Osteochondro-sarcoma of breast; Osteochondroma of thigh, 973

ROYAL MEDICAL AND CHIRURGICAL SOCIETY.—Leucocytosis; Removal of tumour from brachial plexus, 107—Mortality in the medical profession; Tapetum lucidum, 201—Enteric fever at Suakim, 302—Thoracic aneurysm treated by the introduction of steel wire into the sac; Changes in bone and soft tissues after amputations, 399—Annual general meeting; President's address, 445—Harlequin fœtus; Cardiography, 491—Tuberculosis of the skin; Paracentesis for bronchiectasis, 591—Supra-pubic lithotomy, 637—Chemical pathology of respiration in cholera; Splenectomy, 739—Development of mammary functions by the skin of lying-in women; Paraplegia from Pott's disease, and its treatment by actual cautery, 830—Ligature of the larger arteries in their continuity; Congenital absence of hair, with atrophy of skin and its appendages, 922—Encysted and infantile hernia; Imbecility with choreoid movements; Treatment of stricture of urethra by electrolysis, 1021—Multiple neuromata; Pneumonia, 1114

SHEFFIELD MEDICO-CHIRURGICAL SOCIETY.—Extra-uterine fœtation; Pseudo-hypertrophic paralysis; Progressive muscular atrophy; Inflammation of tibia, 159—Extra-uterine fœtation; Calculi in kidney; Cases of lead-poisoning from drinking-water, 308—Cholesterine in retina; Carbolic acid poisoning treated by cocaine; Present position of therapeutics; Malignant disease of throat; fever, 790—Congenital tumours of orbit; Salivary calculus; Communication between stomach and transverse colon; Contamination of drinking-water with lead, 1163

SOCIETY OF MEDICAL OFFICERS OF HEALTH.—The housing of the working classes as it affects the status of medical officers of health, 109—On suction of sewer gases into service-pipes conveying drinking-water, a fertile causation of enteric fever, 593—Sanitary state of London poor districts, 690—Dr. Koch's gelatine peptone water test, 880

WEST KENT MEDICO-CHIRURGICAL SOCIETY.—Difficulties of diagnosis in certain cases of cerebral tumour, 111—Stricture of urethra; Paroxysmal hæmoglobinuria, 791

WEST LONDON MEDICO-CHIRURGICAL SOCIETY.—Cases of interest from the late war in the Soudan; Antiseptic surgery at the West London Hospital, 65—Bacteriology, 1022—Hereditary syphilis in infants, 1162

WOLVERHAMPTON AND DISTRICT MEDICAL SOCIETY.—Simple fracture of patella; Radical cure of hernia, 257—Amputation of breast for cancer; Paralysis following injection of iodoglycerine for treatment of spina bifida, 791

Medical Society of London, annual meeting at the, 492
——— students and infectious diseases, 937
——— surgery, 911
Medicament, a rough and ready, 1052, 1102, 1149
Medicine, three epochs in, 779; the martyrology of, 986
Medicines, safety in dispensing, 478
Medico-Psychological Association, 474; quarterly meeting at the, 744
Medulla oblongata, disease of the, and hemianæsthesia, 241
Megrim and epilepsy, a new symptom of, 204
Melbourne Hospital, 369
———, chair of pharmacology in, 380
Melsens, M. Louis, 989
Membrana tympani, keeping open perforation of the, 691
Memory, natural and artificial, 559
Meningeal hæmorrhage due to aneurysm, 832
——— and cerebral manifestations in mumps, 269
Meningitis, 409; of obscure origin, 352; tubercular, following a blow on the head, 494; simple, 787; cerebro-spinal, 893
Meningo-encephalocele, 34
Menstruation, defective or scanty, 789
Mental convalescents, after-care of, 952
Menzies, Dr. J. A., on diphtheria and pigeon keeping, 671
Mercury, effect of, on the blood, 173; subcutaneous injection of oxides of, 322
Mesentery, lipoma of the, 278; solid tumours of the, 375
Metritis in young girls, 125
Metropolitan Asylums Board, 228, 274; and the Eastern question, 163
——— Board of Works, the, on the ventilation of sewers, 316
——— Free Hospital, 956, 1003
——— Provident Medical Association, 1188
——— Public Gardens Association, the, 32
Metrorrhagia, treatment of obscure forms of, 689
Mexican medical schools, 413
Mexico, mosquitoes in, 273; the nigua in, 846
Meynert, Mr. T., Psychiatry (review), 595
Mezger, Dr., and the Pope, 78
Micro-organisms, action of sunlight on, 225
Microzymes, the, 983
Middlesex, a new asylum for lunatics in, 843; and Herts combined districts, health of, 949
Midland Medical Benevolent Society, 1099
Midwifery case, curious complication in a, 382
——— forceps, a modified, 1024, 1149
Mile-end Old Town, sanitary state of, 171
Milk, a new fraud in, 458; adulteration, 600
Milk-tester, the hypodermic syringe as a, 274
Milroy, Dr. Gavin, obituary notice of, 425
Milton, health of, 1043
Mind and matter, 92
Mines Commission, the report of the, 798
Minnesota, public health of, 126

MIRROR OF HOSPITAL PRACTICE, BRITISH AND FOREIGN.

ANCOATS HOSPITAL, MANCHESTER.—Urethral stricture; perineal abscess; continuous dilatation; cure, 105

BRADFORD INFIRMARY.—Functional disease of the heart, 154

BURTON-ON-TRENT INFIRMARY.—"Crushed abdomen"; death on the third day; necropsy, 921

CASHEL UNION HOSPITAL.—Laryngotomy; recovery—Strangulated femoral hernia; operation; death from phthisis, 738

CHARING-CROSS HOSPITAL.—Transverse fracture of left patella; operation; cure, 300—Osteo-sarcoma growing from second cervical vertebra and pressing on spinal cord, 301—Self-inflicted bullet-wound, laying bare and traversing the brain; removal of bullet; recovery, 397—Acute chorea with pregnancy; induced premature labour; recovery, 689

CITY OF LONDON HOSPITAL FOR DISEASES OF THE CHEST.—Aortic regurgitation, with acute congestion of lungs, relieved by free bleeding, 490

CUMBERLAND INFIRMARY.—Fæcal accumulation causing symptoms of partial obstruction, 687

DUNDEE ROYAL INFIRMARY.—Hyperpyrexia occurring twice in the course of acute rheumatism; reduction of heat by cold baths; death; necropsy, 155

EDINBURGH ROYAL INFIRMARY.—Aphasia from injury; subsequent hemiplegia; trephining; death; necropsy, 398—Aneurysm of abdominal aorta, 490

EUROPEAN GENERAL HOSPITAL, ADEN.—Multiple abscess of the liver; death; necropsy, 1020

GREAT NORTHERN CENTRAL HOSPITAL.—Fracture of nasal and superior maxillary bones; necrosis and abscess with proptosis; removal of sequestrum, 972

GUY'S HOSPITAL.—Hydrophobia; death; necropsy, 635—Bullet-wound of forehead; division of left optic nerve; occasional epileptiform seizures; coma; death; necropsy, 971

INGHAM INFIRMARY, SOUTH SHIELDS.—Compound comminuted fracture of the patella; recovery without operation, 1162

KASHMIR MISSION HOSPITAL.—Abscess of kidney communicating with bowel; operation; necropsy, 201

KIMBERLEY HOSPITAL, CAPE COLONY.—Successful ligature of common iliac artery for aneurysm of external iliac, 444—Aneurysm of aorta simulating aneurysm of innominate; simultaneous ligature of common carotid and subclavian, ib.

KING'S COLLEGE HOSPITAL.—Compound fracture of the humerus implicating elbow-joint; recovery with useful joint, 154

LEEDS GENERAL INFIRMARY.—Cases of compound fracture, 874

LIVERPOOL INFIRMARY FOR CHILDREN.—Croupous pneumonia and gangrene of lung, 686—Multiple abscess of liver following impaction of a pin in the vermiform appendix, ib.—Caries of last dorsal and first lumbar vertebræ, with partial paraplegia and contracture of muscles of thighs, in a girl; cure without deformity, 839

LONDON HOSPITAL.—Severe urethral stricture treated by permanent supra-pubic drainage of bladder, 1161

MANCHESTER ROYAL INFIRMARY.—Ruptured femoral aneurysm in Hunter's canal; ligature of femoral artery; cure; subsequent death from heart disease; necropsy, 1113

MIDDLESEX HOSPITAL.—Three cases of uterine fibro-myoma; two removed by abdominal section, and one treated by the administration of ergotine, 62

MONTGOMERYSHIRE INFIRMARY.—Case of pregnancy with almost complete occlusion of vagina, 1068

MOUNT GAMBIER HOSPITAL, S.A.—Abscess of brain; cyst containing necrosed bone; death; necropsy, 786

NEWCASTLE-ON-TYNE INFIRMARY.—Large loose cartilage successfully extracted from the knee-joint of a patient aged eighty years, 302

NORTH-EASTERN HOSPITAL FOR CHILDREN.—Removal of portion of tracheotomy tube lodged in the right bronchus for two days, 250

NORTH STAFFORDSHIRE INFIRMARY.—Tumour of spermatic cord simulating hernia, causing sloughing of scrotum; operation; cure, 18

NOTTINGHAM GENERAL HOSPITAL.—Punctured wound of buttock, followed by traumatic aneurysm; operation; cure, 590—Extra-uterine fœtation; operation; recovery, 636

PENDLEBURY HOSPITAL FOR CHILDREN.—Ulceration into great vessels of neck, leading to hæmorrhage, in a case of scarlet fever; death, 301

QUEEN'S HOSPITAL, BIRMINGHAM.—Malignant disease of cæcum; necropsy, 348

RADCLIFFE INFIRMARY, OXFORD.—Excision of the thyroid gland, 829

ROYAL ALBERT EDWARD INFIRMARY, WIGAN.—Traumatic rupture of the urethra; perineal section; recovery, 540

ROYAL BERKSHIRE HOSPITAL.—Subacute myelitis, with calculus impacted in the ureter, 737

ROYAL HOSPITAL FOR CHILDREN AND WOMEN.—A case of osteo-malacia, 397

ROYAL SOUTHERN HOSPITAL, LIVERPOOL.—Two cases of ileus occurring in brothers; employment of tobacco; recovery, 1220

ROYAL UNITED HOSPITAL, BATH.—Two fatal cases of perforating ulcer of duodenum, 250—Excision of rectum for scirrhous cancer; recovery, 541

ST. BARTHOLOMEW'S HOSPITAL.—Double popliteal aneurysm; ligature of both femoral arteries; recovery, 489—Sarcoma of bladder; cystotomy; supra-pubic puncture, 737—Bullet wound of forehead; optic neuritis; partial recovery, 970—Idiopathic œdema of scrotum; sloughing of its greater portion; cellulitis and suppuration of abdominal wall; recovery, 1067

ST. GEORGE'S HOSPITAL.—Volvulus of ascending colon; death; necropsy, 828—Ovarian dermoid tumour in a girl of thirteen; rotation and commencing gangrene of cyst; ovariotomy;

recovery, 920—Exploration of the kidney for suspected calculus, 1112—Three cases of pyæmia, ending fatally; necropsies, 1219
ST. GEORGE'S AND ST. JAMES'S DISPENSARY.—Chorea and epilepsy, 16—Case of erythema nodosum, 785
ST. MARY'S HOSPITAL.—Contracted granular kidney; death; necropsy, 199
ST. OLAVE'S UNION INFIRMARY.—Recurrent proliferous cyst in a woman of sixty-three; ovariotomy twice within nine months, 1162
ST. THOMAS'S HOSPITAL.—Severe fractures; recovery, 105—Dislocation of left knee, ib.—Compound fracture of patella into knee-joint; suture of patella; recovery, 874—Tooth-plate impacted in the œsophagus; successful removal by œsophagotomy, 1019
SEAMEN'S HOSPITAL, GREENWICH. — Three hepatic abscesses; operations; recovery, 16—Necrosis and non-union following compound fracture of femur; amputation of thigh; recovery, 249—Two cases of varicocele; veins ligatured by kangaroo-tail tendon, ib.—Fractured patella treated by aspiration of joint, ib.—Surgical cases, 443—Ulcerative endocarditis; anomalous skin eruption; intestinal ulceration; death; necropsy, 785
TIMARU HOSPITAL, N. Z.—Two cases of compound depressed fracture of vault of skull; trephining; recovery, 875
UNIVERSITY COLLEGE HOSPITAL.—Stab in the abdomen with a carving-knife; examination of abdomen; uninterrupted recovery, 347
WEST BROMWICH DISTRICT HOSPITAL.—Rare injury to the pelvis; death; necropsy, 921
WEST LONDON HOSPITAL.—Poisoning by oxalic acid, followed by partial suppression of urine and acute nephritis; recovery, 347
WESTMINSTER HOSPITAL. — Small-celled sarcoma of femur; amputation at hip-joint; recovery, 539
WOLVERHAMPTON AND STAFFORDSHIRE GENERAL HOSPITAL.—Surgical cases, 921
WOLVERHAMPTON GENERAL HOSPITAL.—Acute intussusception; inflation and injection of bowel; recovery, 63—Fracture (?) of thyroid cartilage; laryngotomy; recovery, ib.
WORCESTER GENERAL INFIRMARY.—Poisoning by chloroform; recovery after seventeen hours' unconsciousness, 398

Miscarriage, decapitation, 49
Missiles, stray, 274
Mitral disease, 218
——— stenosis, and lead poisoning, 33; in labour, 744
——— valve, consequences of narrowing of the, when occurring in childhood, 6; a small, 692
Mob-mind, the birth of, 312
Mollities ossium, 68
Molony, Mr. M. J., on the aural reservoir, 646
Money, Dr. A., on a new symptom of megrim and epilepsy, 204; on pneumonia, 1114
Mont Dore, Bournemouth, the, 174
Montague, Mr. A. J. H., on the case of Mr. H. P. Freund, 527
Montrose sanitary district, health of, 416, 477
Moore, Mr. J., on M. Pasteur's inoculations, 670
Moore's treatment of aneurysm, 1175
Morgan, Mr. J. H., on electric illumination in operations upon the palate, 178; on Littre's hernia, 786, 1015
———, Mr. Thomas Cecil, obituary notice of, 182
Morley Hospital, 1063
Morphia-poisoning, severe case of, 126
Morphia and strychnine, the strength of the solutions of, 1054
Morphia habit, the, 910, 958
Morris, Mr. H., Surgical Diseases of the Kidney (review), 403
Morton, Mr. J., on two cases of spina bifida, 899
Moscow, typhus in, 656
Motor plates in peripheral paralysis, 80
Mountaineering the origin of, 1130
Moxon, Dr. W., on thrombosis of the coronary artery during ether anæsthesia, 731; a review of the present system of medical education in London, 945
Mumps, 431
Mundie, Dr. G., on placenta prævia with twins, 527; on iodoform spray, 1103
Munich, typhoid mortality in, 1035
Murphy, Dr. J., on puerperal convulsions treated with pilocarpine, 1016
Murray, Dr. W. F., the Montrose sanitary district, 477; on the barometer as a guide to health, 761
Murrell, Dr. W., notes on digestive ferments, 394; on extract of malt in the treatment of wasting diseases, 632
Muscle, action of, 814
Muscular atrophy of cerebral origin, 653
Myocarditis, acute parenchymatous, 196, 240, 293
Mycetoma and actinomyces, 321
Mycotic endocarditis, 701
Myelitis, hemilateral, 495
Myositis ossificans, 108
Myxœdema, cancer of thyroid in, 446; with contractions, 741; in a woman aged seventy-six, case of, 918

Naegele, the oblique pelvis of, 255
Nævoid lipoma, congenital, 769
Nævus, treatment of, by excision, 1068
Namaqualand, poisonous snakes in, 92
Narcotic poisons, indiscriminate sale of, to the public, 431
Narcotics, the peril and plague of, 845
Nasal and maxillary bones, fracture of the, followed by necrosis and abscess, with proptosis, 972
Naso-pharyngeal growths, 256
National Aid Society, 213
——— Health Society, 608
——— Physical Recreation Society, 1178
Navy, health of the, 275
Neale, Dr. B., on incision of os and cervix before reducing the inverted womb, 49; on inversion of the uterus, 517
Neck, removal of deep-seated tumours of the, 194, 1011; scrofulous glands of the, and their surgical treatment, 1155, 1214
Necrosis, acute, subperiosteal resection for, 303; surgical treatment of, 321
Neoplasms, the etiology of, 385
Nephrectomy and resection of lung, 1179
Nephritis, acute, in lambs, 687
Nephro-lithotomy, in a case of perinephritic abscess, cure, 589
Nephrotomy and drainage in a case of suppurating kidney, 919
Nerves for cold and heat, 1179
Nettleship, Mr. E., on sympathetic ophthalmia, report on, 546
Neurasthenia, some observations on what is called, 1
Neuritis, segmental, 1134
Neurological Society of London, 218, 607
Neuromata, multiple, 1114
New-born infant, large, 382
Newby, Mr. W. E., on acute glossitis, abscess, 93
Newcastle-on-Tyne, the coronership of, 34; hospital, 137
Newhaven, sanitary state of, 653

NEW INVENTIONS.—Swain's emergency tracheotomy case, 23—A new bed lift, ib.—Peck's ambulance, ib.—The electric light applied to the ophthalmoscope, 209—Urinary test case and ureameter, 259—Mason's gag, ib.—The "Viscount" ventilating shooting and military boot, 260—New axis-traction forceps for high delivery, 309—Improved form of stethoscope, ib.—Antipluvium perfectum: waterproof health garments, ib.—A new bullet extractor, 356—Cullen and Croft's household disinfector, ib.—The Burroughs model medicine-chest, 452—Truss with glycerine pad, 497—Glass pipes in sanitation, 645—The aural reservoir, ib.—Lacrymal syringe and cocaine hypodermic injector, 646—The Lenimor: a pocket inhaler, 695—Dr. Spencer's improved binaural stethoscope, ib.—New pressure and torsion forceps, 880—A students' ophthalmoscope, 881—"Osterode" health clothing, ib.—A solid catheter, 930—A new disinfector, ib.—A modified midwifery forceps, 1024—New nasal speculum; new tongue-depressor, 1125—Paulson's patent perpetual filter, 1125—Patent ambulance waggon, 1125
